Lower the Risk of Business

The risks of business are great and in this economy the risks become enormous. As business owners we need to make our businesses as safe and secure as possible. The Greater Area Gresham Chamber of Commerce is offering a class that any business may attend.

Join others for "An Employer's Guide to beating Drug Tests (or Not)," a presentation by Grant Beardsley, Toxicologist and Drug Testing Manager, PeaceHealth Labs. Beardsley will describe the plethora of adulteration products on the market, such as synthetic urine, and technologies used to detect them. The forum is scheduled from noon-1:30 p.m., February 25th, at 4th Brewing Company, 77 NE 4th Street, Gresham. The registration fee of \$15 INCLUDES LUNCH. To register, contact Julie Hamatake, Gresham Area Chamber, 503-665-1131 or Julie@greshamchamber.org.

Workdrugfree Gresham is a Committee of the Gresham Area Chamber committed to raising awareness of the costs and risks of workplace substance abuse and offering educational resources to local employers. The forum is co-sponsored by City of Gresham, Greater Gresham Area Prevention Partnership and Mt. Hood Community College Small Business Development Center.
